## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

We are proud of our student achievement and our dedication to the social and emotional support of our students and staff. We are a school of continuous improvement in teaching and learning. You will find this information and more within this SARC (School Accountability Report Card). The Oak Valley SARC is designed to provide annual information to the community, parents, and staff on topics specified by the California Department of Education. This document is one measure of school accountability. Along with the School Accountability Report Card (SARC), the district's Local Control Accountability Plan (LCAP) and the Buellton Union School District School Plan for Student Achievement (SPSA) all include the Buellton Union School District's and Oak Valley Elementary School's expectations for students and staff. These collective plans articulate the path forward to meeting those expectations at our school. These Accountability Plans and additional information can be found on our website (<http://buelltonusd.org>) or in the front office of our school.

At the beginning of each school year, administrators and staff within Buellton Union School District reflect on our body of work and student achievement. We establish goals and objectives to meet and exceed students' needs. Each year we review our programs and implementation to increase the academic and social-emotional success of our students and staff. This analysis is based on formative and summative assessment data and multiple measures. For this 2021-22 school year, we built on our strengths and strategically addressed identified areas of unfinished learning as students returned from a year of virtual instruction. Our required educational plan goals are in concert: Local Control Accountability Plan, School Plan for Student Achievement, Expanded Learning Opportunity Plan, and Buellton School District Common Core Implementation Plan.

Our school goals are:

1. The school will foster a school climate that ensures safety, engagement and connectedness for students staff, families and community with special attention to the social and emotional needs of all students.(LCAP #1)
2. Enhance the school wide use of effective research-based programs and materials so that 100% of our students receive CCSS standards-based instruction in ELA and Math.
3. Refine our comprehensive Response to Intervention (RTI) processes and programs so that all students show growth on site-based and CCSS interim assessments by trimester and our subgroups show significant growth in proficiency in ELA and Math from August to the end of the instructional year in May, as measured by growth targets as established by CAASPP outcomes and State recommendations.

## 2022-23 School Overview

4. All EL students will receive the appropriate level of ELD instruction daily with research-based programs and strategies. EL students will demonstrate progress on the English Language Proficiency Assessment for California (ELPAC) with a minimum of one year's growth for one year's time.
5. All students will receive the appropriate level of technology instruction daily with research-based programs and strategies based on the district technology standards. All staff will receive appropriate professional development in order to utilize technology to support teaching and learning. (LCAP #4)
6. Provide staff with tools to provide social, emotional and behavioral support for students (MTSS). (LCAP #1)
7. Implement STEAM in all grade levels to bring science, technology, engineering, arts and math to all students.
8. Increase the fidelity of implementation of NGSS (Next Generation Science Standards) in grades K-5.

We proudly promote and build professional capacity and collaboration through weekly collaborative planning meetings. In these meeting, teachers utilize current student data to develop best practices to meet the needs of all students in Common Core Math and English Language Arts, Next Generation Science Standards, social studies, technology and English Language Development/Academic Language Development. Teachers also work with a growth mindset by identifying and developing areas of personal professional development. Our school-wide English Language Development (ELD) program also includes Academic Language Development (ALD) for all students. We celebrate pride in our school community with school festivals, Arts Outreach with in-class programs, Spirit Days, BEST Student Awards Assemblies, Garden Beautification, Buellton Pride Student Recognitions, community mentors and so much more.

Oak Valley staff, students, parents, family members, and the Buellton community all contribute to the education of our student body.

- Lisa Melby, Principal

Our Mission ~ To ensure optimal conditions for students to become academically proficient, socially balanced, and responsible young citizens. These conditions are defined as follows:

- A strong and appropriate learning environment reflecting high expectations within a standards-based curriculum.
- A program by which instructional decisions are based on student performance.
- A school atmosphere that reflects safety, responsibility, respect, kindness, connectedness, and recognition.
- A commitment to expanding our resources and opportunities in the areas of science, technology, engineering, and math.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Buellton Union School District held a public hearing on September 22, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. The State of California. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks are adopted by the Board of Trustees after review by teachers and parents according to the timeline established by the State of California. All district textbooks are State Board adopted and aligned to the State Content Standards. During the 2015-16 school year, Buellton Union School District adopted McGraw Hill texts for English Language Arts and English Language Development in grades K-3. The curriculum was implemented the 2016-17 school year. Grades 4 & 5 adopted the McGraw Hill Wonders English Language Arts and English Language Development in fall of 2021.

2021/22

- Year 9 Engage New York Math curriculum
- Year 6 of Wonders English/Language Arts (K-3) / Year 1 of Wonders English Language Arts (4-5)
- Grades 4 & 5 adopt TCI history and social science curriculum
- Pilot new science curriculum and adopt in 2022/23 school year

## School Facility Conditions and Planned Improvements

School facilities are all up-to-date, clean, safe, and provide adequate space for students and staff.

During the summer of 2013 both Jonata and Oak Valley school sites installed Solar as a renewable energy source funded by a local school bond. The first year of production has proven to provide the District over a 90% payback.

During the summer of 2014 the District installed filtered, chilled water fountains with refill water bottle technology, saving thousands of bottles going to landfills.

During the summers of 2016-2017, the District installed LED lighting in classrooms and support facilities. The average energy savings to date is 82.45% over previous lighting.

In partnership with the City of Buellton, the Buellton Union School District built a joint-use gymnasium facility which was completed during the 2008-09 school year, on the Jonata School campus. The gym facility, including weight room, learning centers, and a student Zone is available for use by the district as well as to the community.

The District passed a bond in November of 2022 and is working to address facilities deficiencies utilizing these resources over the coming years

Safety concerns are the number one priority of the Maintenance and Operations Department. Repairs necessary to keep the school in good working order are completed in a timely manner. A work order process is used to ensure the highest priority is given to emergency repairs. Buellton Union School District scheduled maintenance program ensures that all classrooms and facilities are well-maintained and provide a suitable learning environment.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school or district office. The principal works daily with the custodial staff to ensure a clean and safe school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	38	N/A	47	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	32	N/A	35	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents, family members and the community are actively engaged and very supportive of the educational programs at Oak Valley Elementary. Parents and family members are encouraged to participate as volunteers in the classrooms, on committees, in our computer lab, library and offices and in our before and after school programs. Even though the Covid-19 pandemic has created challenges for parent volunteerism, we have found ways for families to stay connected and support our learning community.

The school welcomes parents as active members on one or more of the many committees and councils, as well as attending conferences, student study teams, parent/family nights, and school board meetings to stay abreast of district and school topics. Parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with district goals. The following committees and councils are available for parental participation: Parent, Teacher & Student Association (PTSA), District English Learner Advisory Committee (DELAC), School Site Council (SSC), District Advisory Council (DAC), Wellness Committee and Technology Committee. Our families are surveyed annually for their specific feedback on our programs and initiatives. For more information on how to become involved, contact Lisa Melby, Principal, at: [lmelby@buelltonusd.org](mailto:lmelby@buelltonusd.org).

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The safety of students and staff is a primary concern of Oak Valley Elementary. The school complies with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, disaster, earthquake and lockdown drills are conducted on a regular basis throughout the school year. Our annual district-wide disaster drill simulation helps our safety teams stay current with best practice. Additionally, lead staff are CPI-trained in Crisis Prevention and Intervention. We also use Parent Square for school and district-wide emergency communications.

To ensure student safety, teachers and instructional assistants supervise students at all times before, during, and after school. Our full-time district counselor provides social-emotional support for students as needed. All visitors are required to check in at the school office upon arrival, obtain a visitor's badge which must be worn at all times while on campus, and check out at the office upon leaving. Parents and community are updated every fall as to the secure campus procedures, including locked gates during school hours, and direct drop-off and pick-up with students TK-3. The separate TK / Kindergarten entrance and play area provides greater security.

The Comprehensive Safety Plan was developed by the school in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include the following: child abuse reporting procedures, teacher notification of

dangerous pupil procedures, disaster response procedures, procedures for safe drop-off and pickup from school, sexual harassment policy, and dress code policy. Oak Valley Elementary reviews the plan annually in and updates it as needed. A copy of the safety plan is available to the public at the school office.

The School Safety Plan was last reviewed and updated in February, 2022.

## Professional Development

Strategic Professional Development provides each teacher with a variety of professional growth opportunities as site and district leads in curriculum, teaching strategies and methodologies, technology and assessment.

All new teachers are supported by the Santa Barbara County Teacher Induction Program, formerly "BTSA" the state-sponsored Beginning Teacher Support and Assessment Program. Participating new teachers are provided with support from the district, the Santa Barbara County Office of Education, and monthly seminars. All teachers participate in two full professional development days. Throughout the year, teachers meet and collaborate in Professional Learning Communities (PLC's) on early release Mondays. In addition, teachers attend workshops on various topics related to the implementation plan for LCAP and the Common Core Standards, including: Wonders E/LA implementation, Academic and English Language Development, ELA/ELD standards and curriculum, SBAC Interim Assessments, MTSS (Multi-Tiered System of Supports), curriculum overviews for Reading and Language Arts (Wonders), Common Core Math Practices, Reading Intervention, Performance Assessments, Response to Intervention, and Assessments (NWEA Map Growth, Lexiles, DIBELS).

## Professional Development

Staff development is based on the needs of the students and the changing demands of instruction. During the Covid 19 pandemic, much of our professional development plan was devoted to increasing our Google capabilities to create an innovative virtual educational experience for students. Currently, we are making the mental wellness of students and staff our highest priority. The district has embarked on a 3-year collaborative effort to meet the social and emotional needs of our students and staff. The implementation plan is comprised of two inter-related pieces. First, professional development will help all BUSD teaching and support staff develop an understanding of Social Emotional Learning (SEL) and its importance in healthy student development in the school setting. Second, staff will develop a consistent implementation and training plan across both sites. During the 2022-23 school year, we will roll out SEL curriculum for all students at Oak Valley Elementary School. Additionally, the district has a lead teachers on each site devoted facilitating professional development and curriculum implementation. Specifically, these lead teachers are exploring ways to implement the Next Generation Science Standards (NGSS) as well as continue to build social & emotional supports for students. The district continues to join with other valley school districts to provide a comprehensive year-long professional development program with consultation from the County Office for all teachers in instructional strategies for the implementation of the Common Core Standards in English Language Arts and Math and technology.

Each grade level has a designated ELA/ELD, Math, Technology, and Interim Assessments. Each grade level has a teacher trained to assess English Language Development and/or instruct ELD for our second language learners. Each month, selected teachers from each grade level meet as a School Leadership Team to discuss best practices and ways to improve as a school in key areas such and special education, English Learner Development, math interventions, social emotional learning, etc.

This table displays the number of school days dedicated to staff development and continuous improvement.
